

# JTEKT EUROPE IN MOTION (JEM)

## ABOUT US

JTEKT Europe in Motion (JEM) is the **Diversification Business Unit of JTEKT Europe**, established in **April 2023** and located in **Irigny, France**.

We support our customers with targeted, flexible solutions in three priority sectors :

- **Mobility Solutions**
- **Remanufacturing**
- **Automotive Aftermarket (OE & Independent)**

As part of the JTEKT Group, JEM combines agility and technical expertise with the strength of a global industrial leader. We support our customers **from prototype to production**, with full integration of design, engineering, and manufacturing capabilities.
